# Lawson Requisition Center Overview

May 2011

*For information on Lawson Requisition Center, contact your Lawson Client Account Executive.*

## Procurement Business Challenges and Needs

### Inefficient processes

- Automate Sourcing and Contract Creation
- **Eliminate Paper Requisitions**
- Streamline fulfillment and inventory processes

### Standardization and compliance

- Reduce size of Item / Vendor Master
- **Increase contract compliance**
- **Reduce off-catalog purchases ('specials')**

### Pressure to reduce costs

- Leverage contract prices and eliminate price variance
- Reduce operational expenses
- Bring more categories of spend under management

### Information access

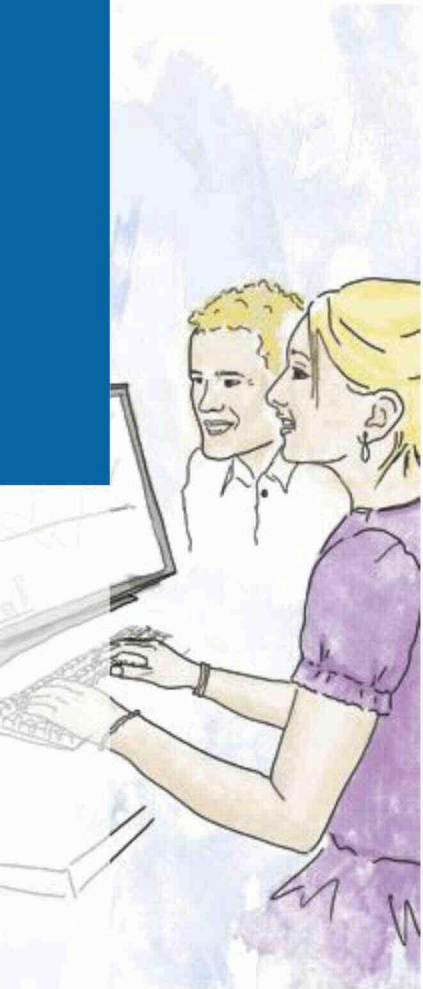

- Online access to approved products and prices
- **Visibility to status**
- Track success over time

### Need to focus on strategic activities

- **Automate day to day replenishment processes**
- Implement strategic tools for that provide visibility to manage contracts and supplier relationships

***Lawson Requisition Center helps address these challenges...***

## Lawson Requisition Center

- 
- ▶ Lawson Requisition Center is a new, easy to use, web-based requisitioning solution that can be set up by customers to provide a streamlined way to automate, expedite, track and simplify the requisitioning process, while increasing compliance with contracts and company standards to drive savings.
